Sample Program Descriptions

For an complete listing of available programs, visit our
Wildlife Programs page at www.audubon-center.org

Endangered Raptors –Recovery Stories

Ages: 4th – Adult

Meet 2-3 of our educational raptors while learning about endangered raptors of North America and their recovery. Limit 40 students.

Raptors by Family

Ages: 3rd – Adult

Meet 3 of our educational raptors while learning about the 4 major families (Falcons, Hawks, Owls, & Eagles). Lots of student participation!

Raptors through Stories

Ages: Preschool– 2nd Grade

Students will get their first experience with birds of prey by reading children's books incorporating birds of prey then meeting 3 of our live birds.

Silent Hunters

Ages: 3rd Grade – Adult

Meet 2 owls that call Minnesota home. Learn about adaptations that make owls successful hunters and unique among the raptors. Lots of student participation!

Northwoods Niche

Ages: 4th – Adult

Explore the different levels of a habitat by meeting four live animals that live there. Includes live salamander, snake, hawk, and porcupine.
