LETTER FROM THE **EXECUTIVE DIRECTOR**

Dear Friends,

Osprey Wilds is a special place. Each year, as more threats arise towards the environment and our planet, the beauty and wonder that can be seen, felt and experienced at Osprey Wilds becomes clearer and more cherished. We live in a world where the average child spends 60 times more minutes on a screen than outside on a typical day. Even in Minnesota, it isn't a given that children can or will spend time outdoors. Osprey Wilds provides such an opportunity for children and young people – a nature escape, a learning laboratory, a touch point to the outdoors – as well as giving adults a place to rekindle and deepen their bond with the natural world.

During fiscal year 2022-23, we saw that play out daily as we continued to come back from COVID-19, growing program and attendance numbers and reaching more people than any of the previous three years. While that progress is promising, we still have not gotten back to a comfortable place financially as we struggle with higher expenses and depressed revenues compared to pre-pandemic levels. We are making program adjustments, not only in offerings, but also in fee structures, and at the same time, securing and awarding more scholarships than ever before to make our programs as affordable and accessible as possible. Thanks to the generous support of donors, we exceeded our fundraising goals last year, not only in general contributions, but also in our 6th annual Bids for Kids fundraiser. Those charitable contributions are essential for our organization – as we navigate the waters of increasing expenses and gaps in the programming schedule.

This fiscal year, we began a tremendously exciting endeavor, partnering with Minnesota's other outdoor schools (residential environmental learning centers), to introduce legislation to make it possible for every Minnesota student to have a multi-day, overnight learning experience at an accredited outdoor school. With strong bi-partisan support and both Democratic and Republican introduced bills, there is widespread excitement and passion to get this bill passed and funded. We will continue working hard this winter and spring to reach our goal of Outdoor School For All becoming a reality for every Minnesota k-12 student. Stay tuned as we work on this historic legislation, and in the meantime, please enjoy the following pages to see how your support made a difference in thousands of lives through Osprey Wilds last fiscal year.

Sincerely,

A handwritten signature in blue ink that reads "Bryan Wood". The signature is written in a cursive, flowing style.

Bryan Wood, Executive Director

ABOUT US

Osprey Wilds Environmental Learning Center is a 501(c)(3) public charity, outdoor school, and conference & retreat center located on Grindstone Lake in Sandstone, Minnesota.

MISSION

To instill a connection and commitment to the environment in people of all communities through experiential learning

VISION

A healthy planet where all people live in balance with the Earth

CORE VALUES

Healthy Relationships – We demonstrate respect, care and passion for the earth, all people and all living things, recognizing our interconnectedness with each other and the natural world.

Equity – We actively incorporate the lenses of equity and representation in our education, environmentalism, and leadership.

Action – We practice and encourage informed, intentional living that helps restore and maintain healthy ecosystems.

Life-long Learning – We promote life-long learning through positive shared experiences with the natural world.

The initial letters of our core values form the acronym HEAL, a reminder that demonstrating these values can result in healing for ourselves, others, and the planet.

EQUITY STATEMENT

Osprey Wilds actively incorporates the lenses of equity and representation in our education, environmentalism and leadership. We do this by dismantling and re-designing processes and systems to be accessible to and welcoming of all people; creating programs and services in collaboration with diverse communities; and valuing those who work with and for us.

LAND ACKNOWLEDGMENT

Osprey Wilds acknowledges that our property sits upon the ancestral and traditional homelands of Indigenous people, most recently the Ojibwe, whose land was seized by the United States government by the Treaty of 1837 and colonized by European settlers. The Ojibwe continue to reside throughout East Central Minnesota and have a sovereign infrastructure of schools, roads, health care, services, housing, and more. From their ancestors to current day, the Ojibwe are committed to protecting and preserving natural resources. Osprey Wilds shares this commitment and works to ensure responsible care and attention through developing an understanding, ethics, and responsibility regarding the environment through formal and informal teaching that links nature and humans. While land acknowledgment does not deliver justice for the loss of the land and the damage done to people and cultures, Osprey Wilds will continue to deepen our knowledge and relationships, enriching practices that respect and honor the past, present, and future of the region's Indigenous communities.

PROGRAMS

Our 2022-23 school year continued to rebound slowly from the impacts of COVID19. While the number of schools attending got significantly closer to our pre-covid numbers, the total number of participants did not increase at the same pace. We conducted post-program surveys to see what types of barriers students are facing that may be preventing them from coming on their school's field trip to Osprey Wilds. The most common reason is parent's reluctance to send their child away from home. This high level of reluctance does not match pre-COVID attitudes towards overnight field trips. We are promoting our K-12 video and the opportunity to have the Education Director meet with parents and students via zoom to answer questions and share about the space.

K-12 PROGRAMS

Students

75

Day
Campers

22

Residential
Campers

STUDENTS ACROSS MINNESOTA, AND OUT OF STATE, VISITED OUR CAMPUS FOR ONE-DAY OR MULTIDAY FIELD TRIPS. WE HAD **15 NEW SCHOOLS** THIS YEAR

OUR K-12 ON-SITE PROGRAMMING INCLUDES OVERNIGHT AND DAY VISITORS FROM SCHOOLS AND COMMUNITY GROUPS THAT VISITED OSPREY WILDS

OUR **SUMMER CAMPS** WERE EXPANDED TO SEVEN WEEKS AND INCLUDE MORE K-2 ENVIRONMENTAL PROGRAMMING. FAMILIES CAN CHOOSE BETWEEN RESIDENTIAL OR DAY CAMP OPTIONS

\$69,324

Osprey Wilds offers scholarships to assist students and schools to visit our campus and participate in our outreach events.

WILDLIFE OUTREACH

Our Wildlife Outreach programs bring wildlife education to students and adults. These off-site events allow our naturalists and wildlife coordinator to engage audiences using our Educational Animal Ambassadors.

CHARTER SCHOOL DIVISION

Osprey Wilds Charter School Division conducts oversight and evaluation of all schools authorized by Osprey Wilds throughout the state.

9,950
STUDENTS

36
SCHOOLS

	OW Authorized Schools 9,920 students	Minnesota 821,260 students
Students eligible for free and reduced-price	66.1%	37.7%
Black, Indigenous, or Students of Color	72.7%	43.4%
Students receiving special education services	15.8%	17.6%
English language learners	30.1%	9.2%

OTHER PROGRAMMING

Our work spans many categories and groups. Learn more about our diverse portfolio of learners and program categories below.

COLLEGE

We work with higher education institutions to offer college credit courses throughout the year, including a January interim course and Hamline University graduate classes.

78
STUDENTS

ADULTS

Life-long learning is one of our core values, and we are delighted to provide so many learning opportunities for adults of all ages. Our adult programs include Women's Wellness Weekend, WILD Workshops, Road Scholar programs, and NAI Certified Interpretive Guide Workshops.

321
LEARNERS

COMMUNITY

Our community programs are open to all, and highlight education, activities, and fundraising. These programs include Dinner at the Lake events, our Bids for Kids fundraiser, community meals, and volunteer weekends.

1,031
PARTICIPANTS

FAMILY

Our family programming offers our guests a great way to learn and enjoy the outdoors together. Our family programs include Winter Family Weekend and Road Scholar Intergenerational events.

OPERATIONS IMPROVEMENTS:

The operations team has had a busy year of celebrating milestones and welcoming new staff. It's great to look back and see all the accomplishments we have achieved as a team. Thank you to the dedicated staff and volunteers that have made each of these highlights achievable.

KITCHEN & FOOD SERVICE

- + Proudly focusing on primarily farm to table meals
- + Now sourcing and serving only 100% grassfed local beef
- + Added a commercial combi oven to our kitchen which will allow us to cook, steam, roast, smoke, braise, bake, re-therm, and more
- + Hosted our 3rd annual Free Thanksgiving Feast providing meals for over 160 people our community
- + Partnered with Everyone's Table to prepare and serve local free meals to the Sandstone Community

BUILDINGS & GROUNDS

- + Ty Johnson, Buildings and Grounds Manager, retired after working with Osprey Wilds for 30 years
- + Restored the original wood floors in historical Schwyzer lodge
- + Repainted Blandin Dining Hall to reflect new branding colors
- + Installed pine wainscot around Blandin Dining Hall

TRAPP FARM

- + Opened a farm stand selling produce every Friday during the season

MISCELLANEOUS

- + Partnered with Conservation Corps Minnesota & Iowa and Americorps NCCC to assist with farm tasks, marketing and communications, and general campus maintenance
- + Improved Women's Wellness and Becoming an Outdoor Women enrollment numbers post-Covid

OUR DONORS

The numbers were impressive once again in fiscal 2022-23: 365 donors made more than 800 gifts totaling more than \$380,000. That generosity helped us provide powerful connections to nature for more than 3,000 children, young people, and adults; it met special needs for campus maintenance and improvements; and it bolstered Osprey Wild's financial strength for the future.

Giving for program support totaled \$212,000, exceeding the budgeted \$200,000 by 6 percent. Your generosity helped more than 2,000 children and young people have hands-on encounters with nature through our K-12 programs, summer camps, and wildlife outreach activities. Your support also touched thousands more involved in our family camps, community events, college courses, adult weekends, Road Scholar programs, and charter schools.

The annual Bids for Kids fundraiser again surpassed expectations, raising almost \$3,000 more than the budgeted \$40,000. As the name suggests, these funds helped provide scholarships and keep costs down for participants in our youth programs.

The \$16,700 given for special projects had more visible results than in some years. Most notably, gleaming hardwood floors on the main level of Schwyzer Lodge replaced badly worn carpet and linoleum and helped make this National Register of Historic Places treasure more historically authentic. Designated gifts also helped with the acquisition of a baby American porcupine, Quillbert, successor to the beloved Spike.

Finally, early in the fiscal year we received the second distribution, more than \$106,000, from the estate of Jill Mithun. An example of foresight and generosity, her total bequest added more than \$186,000 to our endowment fund, where it will grow to help meet future needs while also providing annual income for operations and special projects.

Thank you for being part of a community that believes in and supports environmental learning. Your partnership is foundational to our continued success in helping thousands of children, young people, and adults of all ages make meaningful connections with the natural world and grow in their commitment to its preservation. You are making a very real difference!
